Dave Ellie (Broker)

I have been cottaging at Falcon Lake since 1966. In that time, I have benefited greatly from the cottage experience. Late night camp fires, golfing, skiing, fishing, the family gatherings are what it is all about. In the last 22+ years of selling cottages we've sold almost any kind of cottage you can imagine and have met literally thousands of cottagers.

Can you think of a better place to spend your summer other than the lake???. I can't..... and that is why my our family continues to enjoy the park and all of its offerings. For some, the cottage is the focal point from April to September, and for others, it is all year round. I am hoping that your family will benefit from the cottage experience in the same way we have. You can't meet a better bunch of people, and you can't enjoy a better place to live.

Why do I sell Real Estate? It's a great thrill and privilege to watch family dreams become a reality right before your own eyes.
